

**FNWSU Technology Plan Formative Evaluation Template - End of Year 1**

Evaluating groups will use this worksheet to describe completion of goals on an annual basis, after Y1, Y2 and Y3

The FNWSU technology coordinators, FNWSU administrators group, and Connectivity 21 group will each complete a separate document. The three documents will form the basis for the evaluation of this plan

Groups will use the detailed action steps from the plan and the indicators for success as measures against formal and informal observations, and applicable data from sources described in the plan to evaluate progress in each of the 4 strands for each of the 4 goals

Groups should then recommend adjustments or changes to the plan for make it more effective

Action Step Strands	Access to Resources	Professional Development	21st Century Teaching and Learning	Curriculum, Instruction and Assessment	
<b>GOALS</b>					<b>COMMENTS</b>
<b>Student Centered Learning</b>					
<b>Adjustments or Changes</b>					
<b>Leadership in a Student-Centered Learning Environment</b>					
<b>Adjustments or Changes</b>					
<b>Flexible Learning Environments</b>					
<b>Adjustments or Changes</b>					
<b>Engaged Community Partners</b>					
<b>Adjustments or Changes</b>					

**Evaluation**

With this structure we will be able to evaluate our progress by looking at which of the action steps for each goal have been accomplished. We can also track progress through each strand across all of the goals.

## Signature/Certification Page

**General Information:** The signature (below) certifies that this school, district, or supervisory union meets all requirements for Informational Technology planning as defined by the State of Vermont under the federal “No Child Left Behind” legislation.

Name of supervisory union or school(s) covered by this Technology Plan:

Franklin Northwest Supervisory Union

Technology Contact Person: George Raynak

Phone: 868-4967 x14

Title: Technology Director

E-mail address: graynak@fnwsu.org

Check here if you do **NOT** wish to be added to the Department of Education’s “Ed Tech” listserv. This listserv is one of the primary means of communication between the DOE and schools.

Contributors to this Educational Technology Plan and their affiliations:

### Members of the FNWSU Connectivity 21 Group

Dena St. Amour	Curriculum Director, FNWSU
Ashley Bachelder	Teacher, Franklin Central School
Patty McDermott	Literacy Specialist, Highgate Elementary School
Julie Curtis	Teacher, Missisquoi Valley Union High School
Christine Eldred	Librarian, Missisquoi Valley Union High School
Sabrina Kane	Teacher, Sheldon School
Stefanie Blouin	Literacy Specialist, Swanton School
George Raynak	Technology Director, FNWSU

### Members of the Missisquoi Valley Union Middle / High School Student Leadership Group

Twelve students representing a cross-section of the MVU student body

### Members of the FNWSU Technology Coordinators Team

Jackie Langlois	Data Coordinator, FNWSU
Kathy Ovitt	Technology Coordinator, Franklin Central School
Heather Larivee	Technology Coordinator, Highgate Elementary School
Adam Noel	Computer Lab Facilitator, MVUHS
Jerry Bowers	Technology Coordinator, MVUHS
Russell Gregory	Technology Teacher, Sheldon School
Nilah Cote	Technology Integration Specialist, Swanton School
Peter Garrow	Computer Technician, Swanton School

### FNWSU Administrators

Dena St. Amour	Curriculum Director, FNWSU
Madeline Young	Principal, Highgate Elementary School

### Members of the Swanton Tech Task Force and Highgate Tech Committee

Teachers from Swanton and Highgate

**Certifications:** Select one

This Educational Technology Plan was approved by our School Board on: \_\_\_\_\_

This Educational Technology Plan will be approved by our School Board on: September 3, 2009

**Children’s Internet Protection Act (CIPA) certification:** One box (below) must be checked for the school to qualify for funds under this program.

- The school certified CIPA compliance in its last E-Rate application
- The school(s) did not all certify compliance with CIPA in its last E-rate application, but does certify, as part of this technology plan, that it meets CIPA requirements
- The CIPA requirements do not apply because no funds made available under this program are being used to purchase computers to access the Internet, or to pay for direct costs associated with accessing the Internet.
